FlexiTog®

THE LEADING BRAND FOR PROTECTIVE COLD STORE CLOTHING WORLDWIDE

Our core purpose is to keep people **Warm & Comfortable**.
We achieve this by following 3 simple processes:

1. Designing, testing and manufacturing high performance products for people encountering extreme cold - All delivered with exceptional customer service, creating the optimal experience for the wearer.
2. Creating unique products to optimise breathability, durability, and flexibility whilst still ensuring warmth and comfort.
3. Continually testing and refining our products to guarantee that the best is being produced for our customers.

KEEPING PEOPLE **WARM & COMFORTABLE**

With over 42 years experience, working directly with temperature controlled logistics companies and warehouse operatives, you can be confident that with FlexiTog you will experience the highest standards; our story began back in 1979:

1979

BORN OUT OF PASSION

We started out with one simple goal; to keep people safe. Not simply a job, this endeavour quickly became our mission, our passion and our life. Innovation became a necessity, and this soon became our driving force.

2006

IDENTIFYING THE NEED

Specific solutions for cold store environments had developed our own cold storage clothing range. Large corporations and their staff quickly realised the benefits to them and the brand spread like wildfire.

2013

SOLIDIFYING OUR POSITION

The escalating success of FlexiTog drove the team to focus on further improving and expanding our existing ranges to establish FlexiTog as a leading name in the industry of cold store protective clothing.

2020

20 YEARS OF FLEXITOG

Having sold over 7 million products globally; our promise is to continue developing, ensuring we always have the warmest and most comfortable solution, providing you with the best service, at the drop of a hat.

2004

PERFECTING OUR SKILLS

Over 2 generations, we further refined our skills, steadily finding our speciality in cold temperature protective clothing. Identifying a gap in the frozen food industry for effective certified safety clothing.

2010

THE EXPEDITION TO SUCCESS

After supporting the British Antarctic Expedition this inspired a new wave of research within our insulation division. As Clo-I became its own brand focusing on pushing the boundaries in terms of insulation.

2017

TESTING TO THE EXTREME

The Irish WingSuit Team asked for FlexiTog's help in their death-defying attempt at a record breaking jump from 35000ft. Temperatures of below -50°C with the wind-chill factor of a staggering -96°C were catered for.

2021

OVERCOMING CHALLENGES

We kept our clients supplied through COVID-19, employed every available resource to overcome Brexit customs issues, and kept our customers supplied through the shipping crisis with our reliable European supply chain.

WHAT IS **BEHIND THE TAB?**

IT'S OUR MARK OF **QUALITY** AND SEAL OF **APPROVAL**

When you buy a product with the **FlexiTog® Tab** know that it's going to be **comfortable** and **warm**, developed with **20 years of research and development** and made to stand the test of time.

Extreme care goes into developing every one of our garments to make sure that it is **an improvement on the previous version** and better **than any other on the market**.

FlexiTog®

wear it. **warm.**

ONLY THE BEST CAN WEAR
THE RED TAB OF QUALITY.
**DISCOVER WHAT MAKES
OUR PRODUCTS UNIQUE...**

BESPOKE MATERIALS

Development of **pecially made Fabrics** and **bespoke insulations** specifically designed to suit the **breathability and warmth** of the application of the product.

UNIQUE FEATURES

Unique and patented product features to make your life easier, such as **UG Grips & FlexEasy.**

INNOVATIVE DESIGN

Solutions obtained from **nature** and **technological** advancements ensure our product range is **continually evolving.**

EXHAUSTIVE PRODUCT TESTING

Unique stress-tests are performed at our in-house laboratory as well as **Cold store applications** to record product performance with live data.

FlexiTog®

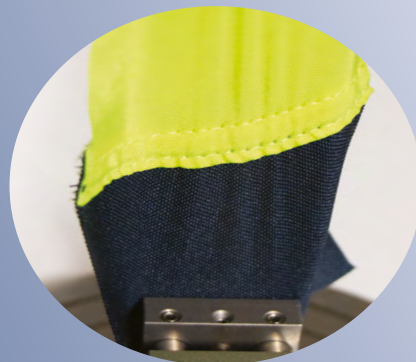

INNOVATIVE FEATURES FOR THE ULTIMATE WORKWEAR

FlexiTog has developed these specialist product features to make your workwear stronger, comfier and easier for you to do your job!

ENDURANCE FABRIC

A new innovative fabric designed and tested to double the industry standard to endure maximum wear in tough conditions.

Placed in high wear areas to increase longevity of the garment.

VOICE PICK

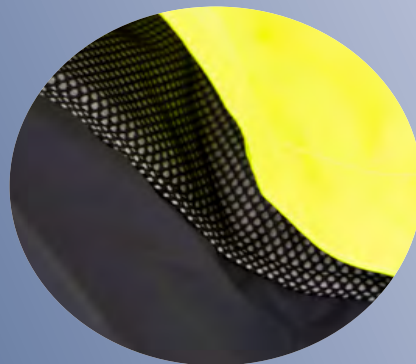

Voice pick pocket and loops inside the jacket provide a solution that is up-to-date with the latest picking systems.

The aperture on the collar also provides an opening for the headset that won't let cold air in.

BREATH EASY

BreathEasy panelling on the inside back of the jacket regulates air flow and temperature in high perspiration areas, keeping the wearer more comfortable.

FLEX EASY

4 Way stretch fabric panel joining sleeve and body, designed to offer greater flexibility and easy movement of arms.

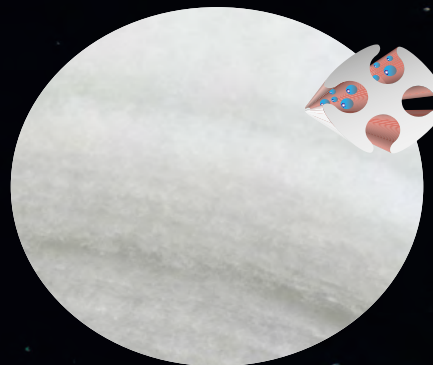

OUR INSULATION IT'S WHAT'S **INSIDE** THAT MATTERS

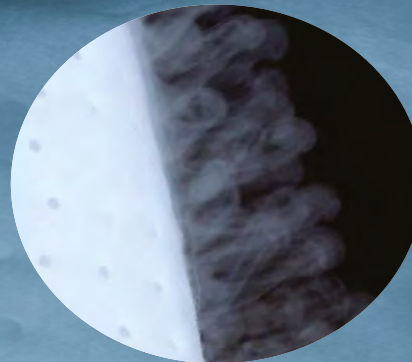

One factor of thermal clothing that often gets overlooked is the internal padding and insulation. This, however, is the most important part of any thermal garment and key to thermal regulation.

Clo Insulation is used widely across FlexiTog's clothing range. This standard of insulation would usually only be found in sports clothing, however we have used it in our garments because of the outstanding warmth retention and thermal regulating performance that it gives

Vivo is the concept where a series of tiny apertures are set within the insulation to enhance the breathability without losing thermal performance. The Vivo concept increases the breathability of the insulation by over 30%.

DESIGNED FOR SPECIFIC APPLICATIONS

By designing garments around specific job roles, our product range ensures that every worker in the cold store can be kept comfortable, whatever their activity level and temperature.

TEMPERATURE RANGE

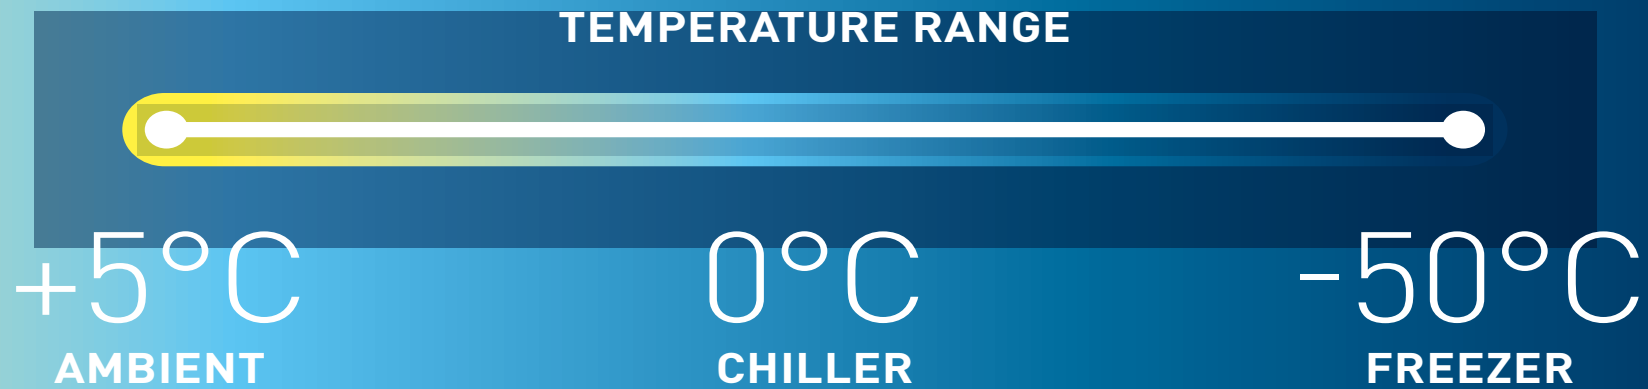

The white bar tells you the temperature ranges we recommend wearing the garment; from +5°C to -50°C.

Look for the **User Guide** at the **bottom of each page**.

ACTIVITY

These illustrations indicate the three key types of activity that the garment is designed to be used for.

WORKWEAR FOR ALL ACTIVITY LEVELS & ENVIRONMENTS

ACTIVITY MANAGERS

Quick and easy to wear garments for added warmth and protection while visiting cold-stores or working outside.

ACTIVITY PICKERS

Flexible, lightweight and breathable to allow you to maintain a high level of productivity in comfort, without overheating.

ACTIVITY DRIVERS

Designed for maximum warmth and comfort keeping you warm where and when it's needed most.

FlexiTog®

HAPPY CUSTOMERS ALL OVER THE WORLD

Solving issues of the chilled industry

Paul Jackson from Chiltern Distribution explains how in the past garments have been either too hot or not warm enough:

“With the new ActiveChill Jacket my guys have got a **lightweight jacket that performs well in the chilled temperatures that keeps them warm as well so that for me it’s a revelation..!**”

Why choose FlexiTog Clothing?

WARMTH & BREATHABILITY

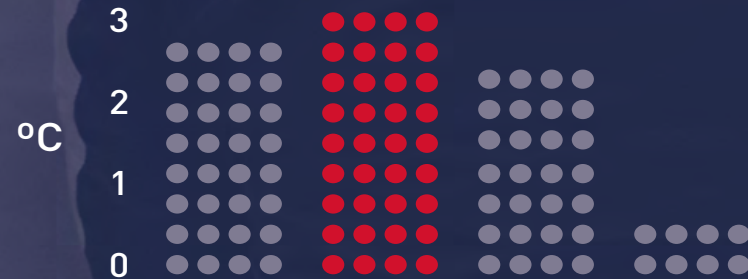

During extensive **client trials with the largest cold store chain in Europe**, tests showed that when compared to 3 other European brands **FlexiTog was:**

29% WARMER THAN AVERAGE

FlexiTog clothing out-performed the nearest competitor with the least drop in warmth.

54% IMPROVED BREATHABILITY WHEN COMPARED TO THE AVERAGE

Our clothing proved to allow for better breathability compared to the competition.

BETTER BREATHABILITY FOR INCREASED COMFORT

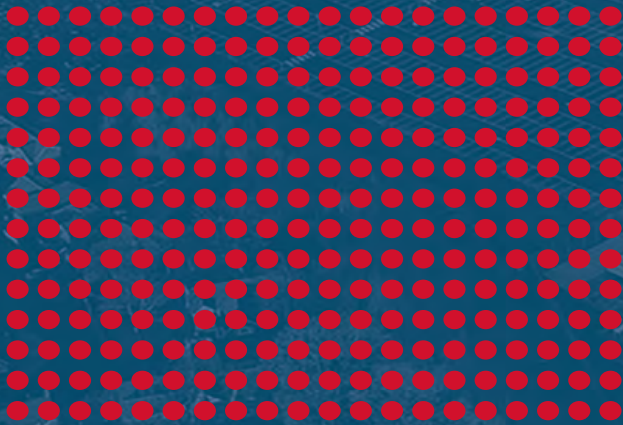

Why choose FlexiTog Gloves?

DURABILITY

£2774 ANNUAL SPEND ON GLOVES

YEAR 1

A well-known Supermarket distribution centre used **x280 pairs** of leather Freezer Gloves in one year.

£1730 ANNUAL SPEND ON GLOVES

YEAR 2

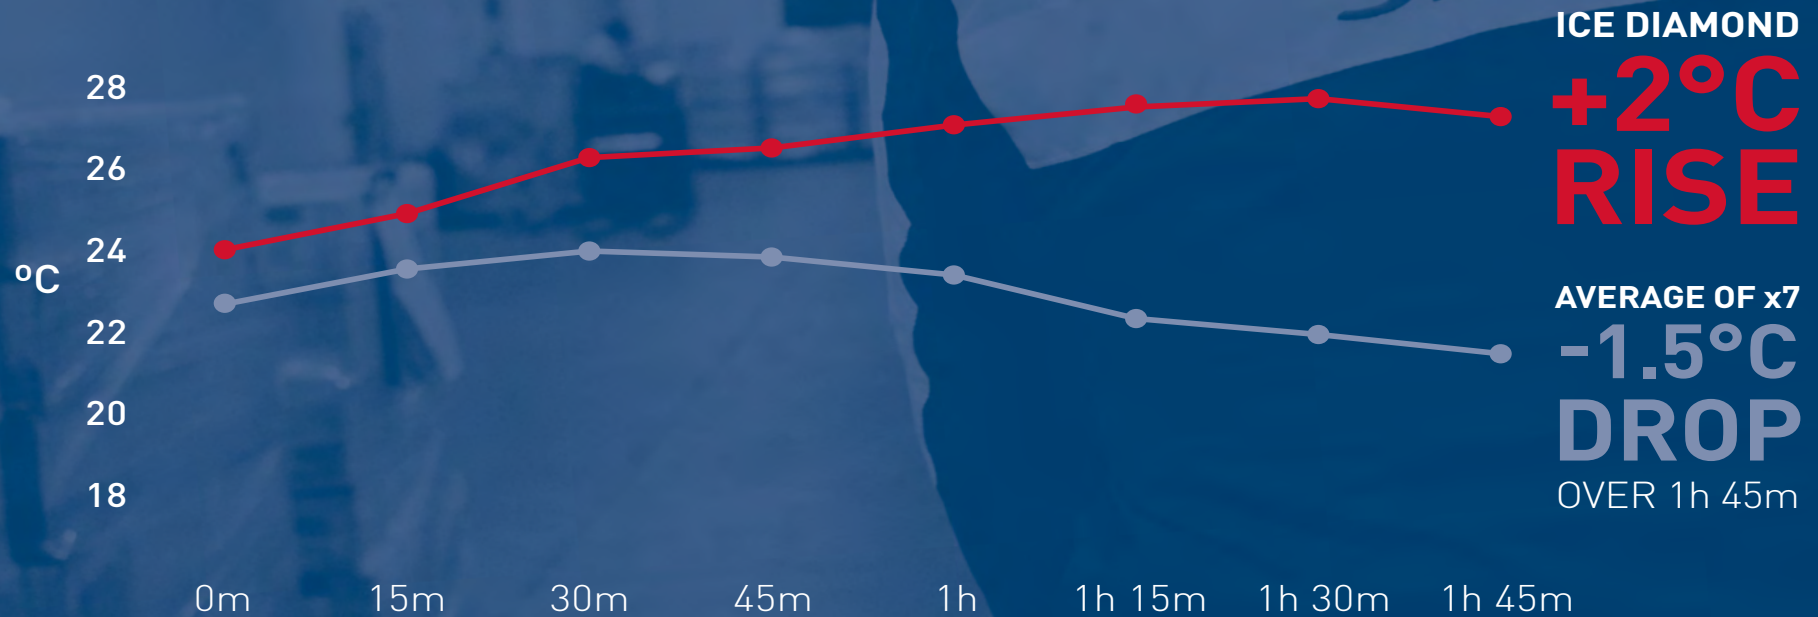

The next year, we helped them switch to the very durable **Endurance 690C Glove** and they only used **x76 pairs!**

40% REDUCTION IN FREEZER GLOVE SPEND

Why choose FlexiTog Footwear?

WARMTH

Real-life tests at multiple sites of a large European cold store company when comparing FlexiTog Ice Diamond to **x7 other cold store boots on the market.**

20% WARMER THAN AVERAGE

Why choose FlexiTog Headwear?

COMFORT & SAFETY

It feels **very comfortable**, around the face and neck. **I immediately noticed the lack of warm air rising towards the eyes.**

98% BACTERIAL EFFICIENT FILTER
can be added for additional protection

Why choose FlexiTog Accessories?

NEXT-DAY DELIVERY

“ We know the importance of having **appropriate clothing and equipment** to do your job which is why we aim to deliver your goods **the very next working day.** ”

ORDER BEFORE **3** PM MONDAY-THURSDAY
