

FlexiTog[®]

ICE DIAMOND 501

WARMTH & COMFORT

With the extremely warm removable liner technology proving to be 112% warmer than standard freezer footwear.

GRIP

Specially formulated PU doesn't freeze up in cold conditions, so less cracking and better grip.

HYGIENIC

The removable liner means during breaks the operator can swap their liners out for a dry pair before the next shift benefiting foot hygiene dramatically and also promoting the longevity of the boot.

112% Warmer than standard Freezer Footwear

Pull-on freezer boot with removable liner for unrivalled warmth and comfort when compared against the standard CI cold test performed in conjunction with EN 20345.

ID501 FEATURES

- Fabric upper
- Ergonomically shaped Heel & Toe area
- EN12568 Certified Toe-cap
- Pull-on loops
- Velcro fabric strap
- SRB slip-rated
- CI tested - Testing against the cold
