FlexiTog®

ENDURANCE DRIVE SALOPETTE X29S

WARMTH & BREATHABILITY

Clo lightweight, non-bulky insulation provides great comfort and warmth. The BreathEasy panel and external back vent allows your body to thermo-regulate to it's ultimate temperature.

BREATH EASY

DURABILITY

Using 310gsm Endurance Fabric for maximum strength in high-wear areas such as the lower legs. Incorporating yellow seam protector for added visibility and wear reduction.

ADJUSTABLE LENGTH

Adjustable leg cuff with 3 possible length settings. Quick & easy to adjust, using a simple popper system to set the length that suits you.

The highest level of warmth and comfort

Favoured by forklift and pallet truck operators in sub-zero temperatures due to the performance insulation and the high front for maximum warmth.

X29S FEATURES

- Clo insulation for superior warmth
- High front
- Knee pad pockets
- Deep front pockets
- Zip puller to help with ease of dressing and undressing while wearing gloves
