

BUY NOW

**DURABILITY**

Uses hard-wearing colour-fast fabric for maximum longevity and dark colours in high wear areas to prevent stains. The fabric is turned up on the inside of the leg for extra durability.

**ENDURANCE+ FABRIC**

Highly durable water resistant and wind-proof fabric. This high performing HTTY derived fabric adds to the warmth of the X35T trousers, keeping you protected whatever the conditions.

**WARMTH**

Dual 150g layers of Clo Insulation give a combined weight of 300g.

FlexiTog®

# ENDURANCE ACTIVE TROUSERS

## X28T

### LIGHTWEIGHT & COMFORTABLE

Lighter than a traditional freezer trouser and with a fitted design with a lower waist, excellent for picking activity.

### DURABILITY

Using 310gsm Endurance Fabric for maximum strength in high-wear areas such as the lower legs. Incorporating yellow seam protector for added visibility and wear reduction.

### ADJUSTABLE LENGTH

Adjustable leg cuff with 3 possible length settings. Quick & easy to adjust, using a simple popper system to set the length that suits you.

## Lightweight, breathable and very comfortable

Used in freezers and cold store environments, favoured by pickers and high activity workers due to it being light weight, highly breathable and having a lower waistline for added flexibility.

### X28T FEATURES

- Knee pad pockets
- Internal front button prevents snags
- Deep front pockets
- Low waist
