It's in our DNA

Mahr stands for maximum precision, modern technologies and a worldwide presence. As a manufacturer of innovative production metrology, we have been supporting our customers for more than 150 years, both in the measuring room and in production. This experience has made us experts in quality assurance for the automotive industry, mechanical engineering, aerospace, optics, and many other sectors. From manual calipers through to fully automated measuring stations: all of our products are built on the passion and expertise of our 2,000 plus employees worldwide.

Boosting productivity

As your global partner for quality assurance, we offer you products and solutions that combine proven precision with high efficiency. Short measuring times and high usability speed up your workflows. By strategically combining different measuring methods, we solve several tasks with only one system – and in one clamping. Innovative software tools and a wide variety of interfaces ensure that Mahr metrology meets the requirements of modern production. The productivity of your quality assurance is our goal.
