

Standard cylinders DNG/DNGL/DNGZK/DNGZS, ISO 15552

FESTO

Type codes

DNG - 50 - 80 - PPV - A - - -

Type	
Double-acting	
DNG	Standard cylinder
DNGL	Standard cylinder, non-rotating
DNGLZ	Standard cylinder, non-rotating with central trunnion mounting
DNGZK	Standard cylinder with central trunnion mounting (adjustable)
DNGZS	Standard cylinder with central trunnion mounting (fixed)

Piston Ø [mm]

Stroke [mm]

Cushioning

PPV	Adjustable at both ends
-----	-------------------------

Position sensing

A	For proximity sensing
---	-----------------------

Trunnion flange axis distance

XV	Trunnion flange position
----	--------------------------

Variants

S2	Through piston rod
S3	Stainless steel piston rod
S6	Heat resistant seal for temperatures up to 120 °C
S8	High corrosion protection
